I. RESIDENTIAL EROSION CONTROL

My signature hereon signifies that I am the person responsible for compliance with the Soil Erosion & Sediment Control Ordinance. I acknowledge that City inspection staff may refuse to make inspections, issue Stop Work Orders, and issue citations to appear in Recorder's Court for violations of erosion control requirements; and that I must use the Best Management Practices to control soil erosion on my job site which includes at a minimum of the following:

- Installation and regular maintenance of silt barriers (i.e. silt fences, hay bales, etc.) in those areas where water exits the job site.
- Installation and regular maintenance of a stone (1.5" – 3.5") driveway entrance/exit pad (20' wide x 20' deep x 6" thick) to minimize the tracking of mud into the street;
- Removal of mud from the street or adjacent property immediately following any such occurrence;
- Maintenance and removal of mud from detention ponds and sediment basins;
- Conduct no land disturbing activities within 25 feet of the banks of streams, lakes, wetlands, etc. (i.e. "state waters");
- Provide temporary vegetation and/or mulch in exposed critical disturbed areas.

II. SOLID WASTE MANAGEMENT

1. Construction and Demolition (C & D) Waste Disposal Information:

Note: On-site burial/disposal of Construction and Demolition (C & D) Waste is prohibited by Georgia Law. Construction and Demolition (C & D) waste means any building materials from construction and demolition operations which include, but are not limited to: asbestos-containing waste, wood, bricks, metal, concrete, wall board, paper, cardboard, and insulation of any kind.

- a. State how often C & D Waste will be collected and hauled (note: hauler must have a Permit by Rule from Georgia EPD):

- b. State the type of container or enclosure to be used to temporarily store waste before hauling (e.g. Dumpsters provided every other lot, etc. or wire bins.)

My signature hereon signifies acknowledgement of all of the above:
